

STATEMENT OF PURPOSE

RS20853

Amend Title 46, Chapter 8, Idaho Code, with the addition of a new section, creating a Military Division Support Fund, giving the Adjutant General or his designee authority to accept gifts, providing guidance for the Support Fund and oversight by the Board of Examiners.

FISCAL NOTE

It is anticipated that the creation of a gift fund will result in a positive fiscal impact to the state, and particularly the Military Division, and may help reduce reliance on the General Fund for one-time projects. Other states that have created similar funds have found them to be a viable means by which to generate one-time revenue.
